

Athletic Transportation Authorization

Dear Parents:

Transportation home from away games can present problems for parents, coaches, and kids. We would like to make sure we are responsible for your child, and know his/her whereabouts after away games. We also need to know that your child has permission to travel home with someone other than yourself.

Therefore, we require parents to notify the coach if your child is able to travel home from away games with someone other than yourself. This form will help facilitate that process for parents, coaches, and athletes. (We will require an approved adult signature for your child to take private transportation home in every situation.)

Please fill out this form and return it **to your child's coach** as soon as possible.

Thank you,

Matt Smith, Athletic Director
